SCSC UPDATES ON APEC CROSS-CUTTING ISSUES

Presented by:
Mr. Augusto Mello, SCSC Chair's Office

48th Meeting of the APEC Expert Group on Energy Efficiency and Conservation
11 – 13 September 2016, Lima, Peru

Highlights of Second Sub-Committee on Standards and Conformance SCSC2

1. Updates on SCSC 2016 Priorities

- Outcome: The Chair briefed on the progresses of SCSC works in align with SCSC 2016 Priorities and confirmed the significances.
- Next Step: Continuation on works leading to SCSC 1 in 2017.

2. First Policy Discussion

- Outcome: The members discussed on 6 topics intensively.
- Next Step: Continuation towards next meeting (SCSC 1 in 2017), develop the outcomes for publication possibly in long term.

3. APEC Model Wine Certificate

- Outcome: Endorsed at SOM2 and reported at SCSC2.
- Next Step: Members to proceed its active utilization (continuously).

Highlights of Second Sub-Committee on Standards and Conformance - SCSC2 - cont.

4. 21st Joint Regulatory Advisory Committee (JRAC)

- Outcome: Exchanged information on Electrical and Electronic Equipment (EEE) regulations and conditions for mutual recognitions.
- Next Step: Continuation towards 22nd meeting in 2017.

5. Projects

- Outcome: Shared information on implemented/on-going/future projects.
- Next Step: Members continuously working actively on projects in align with SCSC activities.

Highlights of Second Sub-Committee on Standards and Conformance - SCSC2 - cont.

6. Cross cutting work with other Fora related to EGEE&C 48

a) Capacity-Building and Awareness Project on Enhancement of Total Environmental Efficiency (Energy/ Carbon and Material Efficiency) through MFCA, ISO 14051

Proposing economy: Japan, Philippines

Co-sponsoring economies: Indonesia, Malaysia, Peru, Chinese Taipei, Viet Nam

Objectives:

- To promote low carbon economies by improving energy and material in APEC region
- To apply the ISO 14051 / Material Flow Cost Accounting (“MFCA”)
- To transfer capacities to industries, standard practitioners and policy-makers
- To raise awareness among SMEs

Highlights of Second Sub-Committee on Standards and Conformance - SCSC2 - cont.

6. Cross cutting work with other For a related to EGEE&C 48 (cont.).

b) Best Practice sharing and Technical Capacity Building for Measurement and Verification Standards of Energy Saving

Proposing economy: China

Co-sponsoring economies: Indonesia, Viet Nam

Objectives:

- To share best practices regarding the M&V standards based activities to increase the reliability of M&V of energy savings.
- To improve the capacity to use international M&V standards to guide the M&V activities through exchanging expertise between developed economies and developing economies.
- To enhance an understanding of importance of M&V for ensuring credible performance improvement through the public-private dialogue.
