# PREE 13 Project Summary

- **PREE Phase 13** has two parts.
  - **The Follow-up PREE in Chile**
    - The Follow-up PREE is designed to assist a former PREE host economy in implementing the recommendations of the PREE review team.
    - This is planned in [Chile](#) in the first half of 2024. (PREE in Chile was in 2009)
    - The [Follow-up PREE](#) will serve as a forum for Chilean stakeholders and government institutions to assess the progress of energy efficiency policy implementation.
    - A [peer review report](#) that includes expert recommendations will be presented at the following EWG meeting for the EWG member's consideration.
  - **Energy Efficiency Policy (EEP) Workshop**
    - The 8<sup>th</sup> EEP will be in conjunction with an [EGEE&C 63](#) meeting in the second half of 2024.
    - The [EEP Workshop](#) will be a [full-day](#) in-person.
    - The topic of EEP will be determined in consultation with EGEE&C, reflecting knowledge gaps.
    - The [EEP Workshop Summary Report](#) will summarize the proceedings of the workshop and provide an in-depth analysis of the discussions
